**Important events to be reported:** Opening of new production unit

The management of Agroserv Mariuța S.A. (hereinafter referred to as the “Company”) informs the market about opening the new production unit built from the funds obtained from the bonds issue MILK25E. The new unit will hold the cheese and butter production lines.

The line for the production of cheese, which has already been made operational, will be able to produce cheese (soft paste, hard paste, creamy fresh cheese, noble mold cheese) and pressed cheese (pasteurized and unpasteurized milk cheese, soft and semi-soft paste, semi-hard paste, matured curd, etc.). The butter production line is partially assembled and tested and will be functional within the next few weeks.

The total capacity of the new section is 16,500 liters / day fresh milk for cheese and 40,500 liters per day fresh milk for butter, a total of 57 tons of milk per day. In the cheese category, the capacity of the finished product is 2 tons / day and for the butter category, the capacity is 1.6 tons / day.

The local dairy market was estimated at EUR 1.5 billion in 2021 and the cheese (including all types of cheese products) and butter (including all sub-categories) categories account for 45% of the total market.

The photo of the new production unit is attached to this Current Report.
