**Important events to be reported:** Commissioning of the butter production line

The management of Agroserv Mariuța S.A. (hereinafter referred to as the “Company”) informs the investors that on 18.04.2022 the Company put into operation the butter production line, which will be located in the production unit built with the funds obtained from the MILK25E bond issue.

With a total raw milk processing capacity of 40,500 liters / day, the line will be used for the production of a range of high-quality butter, intended for both consumers and the HORECA industry.

The equipment was also successfully tested for the production of a range of creamy products which is at the end of the research and development process.

The butter category represents 28% of the total dairy market in Romania, a market that is estimated to exceed 1.5 billion euros in 2022.

Pictures of the new production unit are attached to this Current Report.
